

# Groups

for

#### You work hard

to onboard new students

to engage them in program activities

to fundraise and finance your operations

# But how well do you engage your alumni?

How do you continue your relationship

with people who graduate from the program?

# Blasting emails is ineffective

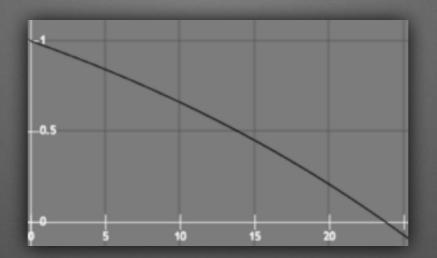

and impersonal.

# What they see

#### Result:

Average organization we meet has a 2% response rate from emailing alumni.

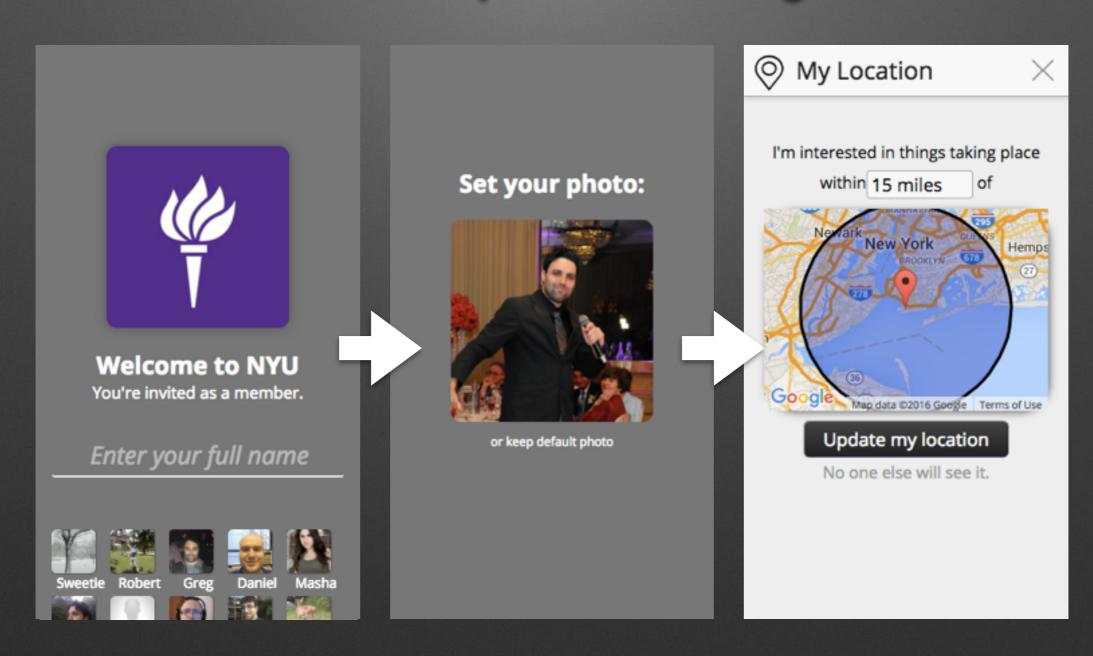

Today almost everyone has smart phones.

If you develop an app for your members, you'll help them communicate among themselves, instead of just listening to your announcements.

#### Onboarding

We will make it simple and fun to get started

#### People Connect

By interests, clubs, cohorts (Stern class of 2012, R.A.N.)

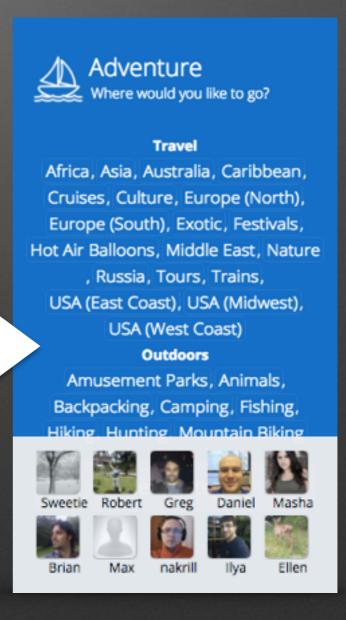

In each of the next 10 categories, tap all the activities you are interested in.

This is how you connect with other people in the community.

↓ Get Started

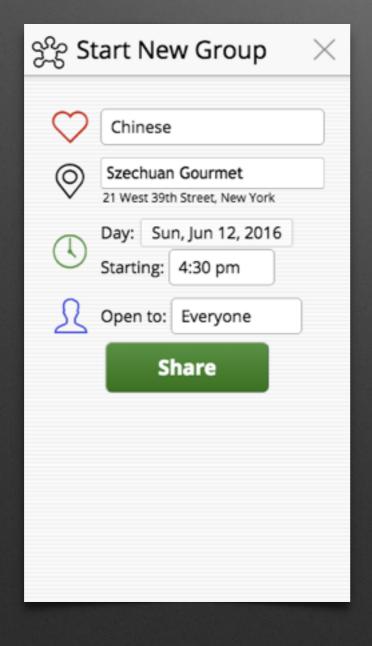

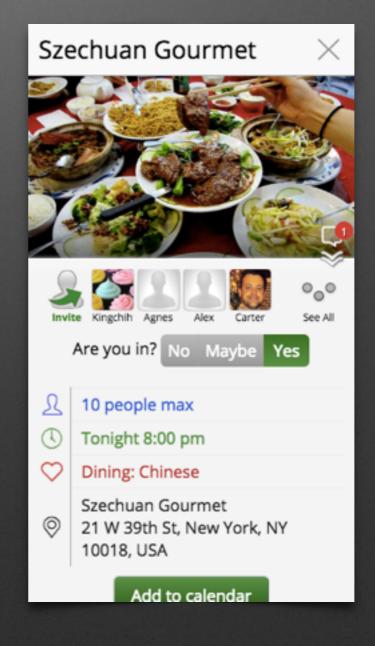

♣ Next Category

#### People Engage

By surfacing plans and taking care of all the logistics, the app makes it easy to meet fellow alumni.

#### During Program

People met in real life Organization was relevant

#### After Graduation

People still meet in real life Community remains relevant

#### What This Means For You

Alumni feel like you developed something for them, instead of feeling like you always need something.

They're able to get together on their own time, around their own interests, and feel a sense of community.

Now, all your official events & fundraisers are larger and more successful by being promoted in your own app.

#### Privacy

We take privacy very seriously.

That's why it's built into everything we make:

Can members see other members?

staff members? guests

Email addresses Mobile numbers

Address book integration

Never reveal locations of members, only venues

Attendee lists can be hidden

#### Standard & Custom Features

We work with you to develop the features you need.

User Accounts Your Brand

Web & Native Apps Manage Interests / Cohorts

Address Book Integration Negotiate Group Discounts for Your Members

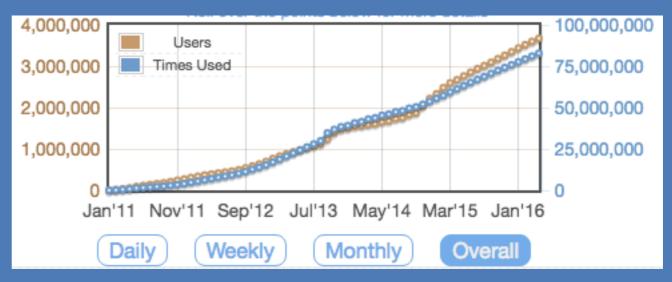

Reporting and Analytics
Attendance & Event Registration

Let's schedule a meeting to get into the details.
